Sir,

Sub: Industries - Sericulture - Government Silk Filatures Kollegal - construction of cooperative stores building and canteen sanction requesting.

The filature employers' Cooperative stores started in the filatures has been working satisfactorily. Much difficulty is being experienced for want of accommodation for the cooperative stores. A portion of the lunch shed has been given for this purpose The Cooperative stores has been expanded from the grainshop and it deals with all the sary articles more for the staff of the filatures and the portion of the lunch shed now used is found inadequate. I propose to accommodate the canteen, for which I have submitted proposals to Government separately, in the lunch shed after effecting some improvements and to accommodate the Cooperative stores in the cocoon stores and General stores in the three eastern bays adjoining the present market hall. I am enclosing the necessary plans and estimates for this purpose. The estimated expenditure for the improvements of the lunch sheds for the Canteen will be Rs.3,900/- and that for the modification of the General stores and cocoon stores of the Government Silk Filatures will be Rs.2,320/- In G.O.No.2273 Development Dated 10-6-46 Government sanctioned a sum of 3,250 ~~rupees~~ and Rs.3,000/- for the construction ~~and~~ of additional buildings for the General stores and workshops respectively. As these two additional buildings are ~~now~~ not now found necessary in view of the accommodation available in the Kollegal Silk Filatures after amalgamation, I propose to utilise these two amounts for the modification and improvements suggested above to accommodate the Canteen and the Cooperative stores. I request that Government may be pleased to carry out the above works and to utilise for this purpose the sum of Rs.3,250/- and Rs.3,000/- sanctioned for the constructing additional buildings viz.General Stores and workshops.

Sir,

Sub: Industries - sericulture - Government Silk Filature, Kollegal - construction of additional buildings for the cooperative stores and canteen sanction. of.

Ref: Government memo No. 18543-31/47-2Dev. dated 25-5-47

- - - -

With reference to para 2 of the Government memo cited the General Manager reports that as the Government Silk Filature is some distance away from Kollegal town, no buildings are available nearby, for rent to accomodate the cooperative stores. The housing problem in Kollegal is stated to be very acute and it is most difficult to secure a building in the town for the purpose. The shifting of the cooperative stores from the lunch shed to the cocoon stores is necessary not because the accommodation provided for it at present in the lunch shed is insufficient, but with a view to having room for the proposed canteen and crèche which are to be provided to the [illegible] workers during the rearing season.

I request that after the requisite sanction of [illegible] for the [illegible] improvements, alterations and additions to the [illegible] end [illegible] ton [illegible] sanction for [illegible] necessary.

In the above circumstances I request that Government may be pleased to accord sanction for effecting the improvements proposed already to the cocoon stores and for accommodating the cooperative stores there, leaving the present lunch shed for use after carrying out necessary improvements as a canteen and crèche.

Regarding para 3 of the Government memo cited, reply to Government memo No. 12550-A.I/47-1 Dev. dated 16-6-47 is being sent separately.

Report to accompany the estimate for the 'Improvement of the Cocoon Stores for co-operative Stores & Godown'.

Annexure to estimate Rs. 2320/-

The estimate is prepared on a requisition from the General Manager G.S.F Kollegal in his no. 1233 E/26 dated 11-7-1946, Suggesting improvements to the existing Cocoon Stores to provide for co-operative Stores & godowns & for the extension of the general Stores towards the Southern side. Proposal is now to add a Verandah to the existing market hall in the other 3 sides with Cross walls & partition walls as shown in the enclosed plan.

It may be noted that the estimate amount to will not exceed that of the extension of stores sanctioned in this no. 38/46 dated 21-2-46 & hence there is no necessity to obtain Sanction again from Govt. These revised improvements may be taken up for

2. In G.O No 2273 Dev. dt 10.64 the Govt sanctioned inter alia the Construction of the following additional buildings for the G.S.F. College:-

Name of the work	Estimated Cost
(1) General Stores	Rs 3,250
(2) Workshops	Rs 3,000

The DGTE reports that the above works are not now found necessary in view of the accommodation available in the K.S.F. College for the amalgamation of two Factories. The DGTE in his letter in the ref proposes:-

(a) to utilise the sanction for item 1 above for effecting certain improvements to the Cocoon Stores to accommodate the Factory employees Co-operative Society and

(b) to utilise the sanction for item (2) above for effecting improvements to the lunch shed for locating a Canteen to the extent felt for the benefit of the labourers working in the Factories.

3. Item (a) of para 2 above The estimated expenditure for effecting modifications necessary for the Cocoon stores is Rs 2,320/-

vide plan and estimate at pp 13-18/K

This expenditure should be sanctioned as a new item of work ~~to be carried~~ to be carried out by the G.S.I. Vide legal and it does not appear that the sanction in G.O. No. 2273 dtd 10.6.46, can be utilised for this for other duties while the DG(P) proposal will be supported in this Dept. This Dept will advise on the point.

Item (b) of para 2 on p1 above The Director suggests, that ~~an expenditure of Rs 3,900 should be incurred~~ he may be permitted to incur an expenditure of Rs 3,900 for carrying out improvements to the lunch shed for locating the canteen if ~~may be mentioned~~ in this Connection it may be mentioned that the DG(P) has been asked in the L.F. to furnish in greater detail the need for starting a canteen ~~under Govt control~~. The DG(P)'s reply to this reference is awaited. Pending a decision ~~of the Govt~~ to start a canteen sanction seems necessary at present on this proposal. If it is eventually decided to ~~sanction~~ approve the proposal of the Director for starting a canteen the expenditure referred to at 'A' above ~~may perhaps be~~ has perhaps been sanctioned as a first item of expenditure arising / diverting the amount for other work. ~~Papers cancelled~~. Fin may see for remarks.

The orders in G.O. 2273 Def.

3-47 Def 2.3.47 dated 10.6.46 sanctioning an expenditure of Rs 3250 for the building for general stores & Rs 3000-00 for the building for workshops may be cancelled & fresh sanction may be given to the ~~item~~ expenditure ~~mentioned at (a) above~~ on item (a) above. 2. As regards item (b) on p.1 above no remarks are called for in Finance now.

Item (a) on p.1 above. The Co-operative Stores is alread accommodated in a portion of the Lunch-shed. The D.I. & C. has suggested that the proposed canteen [item (b)] may be locate in the lunch-shed and the Co-operative Stores may be moved into the Cocoon stores and general stores, after effecting some improvements. The cost involved in carrying out the necessary improvements is estimated at Rs 2,320. Development have supported this part of the D.I. & C's proposal.

It is submitted that, in view of the prevailing high cost of building materials and labour and the need for economy in expenditure on building schemes, Government are deferring or postponing schemes involving the construction of new buildings or additions to existing buildings, unless they are absolutely essential for the proper running of the Department. In this view, the construction of a Co-operative ~~xxx~~ stores building does not seem to be so urgent and essential as to be undertaken immediately. Further, as no decision on the question of starting a canteen has yet been made, it seems that the Co-operative-stores can continue for some time in the portion of the lunch-shed it now occupies. In these circumstances, Finance may advise against the proposal.

3 Development may be requested to issue orders cancelling the sanction for the expenditure of Rs 3,250 and Rs 3,000/-, for additional buildings for the general-stores and workshops, accorded in G.O.2273 Development dated 10-6-1946.

10.3.47.

(0340) Accommodation is generally provided for Co-operative organisations in Government Offices and Institutions only where accommodation is available and not otherwise. In all ~~other~~ such cases a nominal rent is levied. The Government do not, as a rule, incur expenditure either to put up additional buildings or to improve or alter existing buildings for

accommodating Co-operative stores. Co-op-stores The ~~Society~~ in the present case is stated to be working satisfactorily. It should therefore be making a good profit. If the accommodation provided for it at present in the lunch shed is insufficient, it can arrange to rent the required accommodation in any nearby ~~building~~ building and extend its activities.

At present when Government, owing to the financial stringency are postponing all their building schemes, it does not seem necessary to incur expenditure to provide accommodation for a Co-operative ~~Society~~ Store and this Department may advise against the proposal.

If however, Development wish to press their proposal and if it is decided in circulation including H.P.M, that the proposal should be sanctioned, this Department may suggest that a reasonable rent as per rules may be recovered from the Co-operative ~~Society~~ Stores for the portion of Government buildings occupied by it.

The correspondence at pp. 3-5 C.F. and the ~~subsequent~~ note of Devt., from the foot of page 4 above may be perused.

2. In the L.F. below the D.I.C. has proposed that a canteen & Creche may be organised and run by the Govt. In this connection it is proposed to accommodate the canteen and creche in the portion of the lunch shed now occupied by the Co-operative stores after effecting certain improvements estimated to cost Rs 3,900. In the previous note of this dept., at pages 3-4 above, it was suggested that the Co-operative Stores might continue for some time in the lunch shed pending the decision on the question of starting the canteen and the creche and that if the accommodation proves insufficient, the Co-operative stores could arrange to rent the required accommodation in any nearby building. It was also pointed out that, in view of the existing financial stringency, it does not seem necessary to incur expenditure to provide accommodation for Co-operative stores.

The Development Department have stated that the proposal to organise the canteen and creche, which is dealt with in L.F. below, is accepted by Govt., then it will be absolutely necessary to carry out improvements to the cocoon-stores, at a cost of Rs 2,320, for the purpose of accommodating co-operative stores. It is submitted that Development may be requested to take orders in circulation,

including H.M.(Fin), on this point and that if it is finally decided to sanction the proposal a reasonable rent, as per rules, may be recovered from the co-operati stores.

To A.S.

This file deals with the proposal of the D.I.&.C. to carry out certain improvements to the Cocoon stores at a cost of Rs. 2320/- for accommodating the filature employees Cooperative Stores. The Cooperative Stores are now located in the lunch shed. The Government have ~~new~~ decided that the proposal for the opening a canteen and a creche, referred to on p 6 above, should be ~~considered~~ treated as a part II Scheme for 1948-49. As the canteen will be located in the lunch shed, it has become necessary that the Coopertive Stores should be shifted to the Cocoon stores. ~~Although there is some more time for proceeding further with the proposal it is too late to treat the proposals as a Part II Scheme for 1948-49. It seems desirable proceed with the proposal urgently. For orders.~~

~~For~~ For this purpose, improvements in the Cocoon Stors at a cost of Rs 2320/- have to be carried out. The Case may be circulated ordering wherein the expenditure of Rs 2320/- will be approved. As suggested by this Dept, a reasonable rent will be recovered from the Co-operative Stors.

The expenditure may be approved
